Subject: February 20th Presidents Report

Last Wednesday was a very interesting day, Vice President Neal and I had a meeting with Jacqueline Moreno in Supervisor Molina's office about dedicating the 2nd floor ramp leading to Grand Park dedicated in the memory of Commissioner Ernest T. Hamilton, Jr., the meeting went very well.

Today we have two presentations on our agenda so I'll keep my remarks short, one program I got to witness first hand at UCLA about socialization dealing with persons with autism spectrum disorders which really hit home with me, because of assisting clients with this disorder. Our other guest is from the Registrars-Recorder's Office telling us about accessible polling places, so I hope that we can keep our questions and comments short so that we make the most out of the information that they are bringing to us today.
